End Time: 10:13 PM EDT

End Location: Obetz / Franklin County / OH

End Lat/Lon: 39.8812 / -82.9356

Survey Summary:

This statement provides information on a newly confirmed EF0 tornado that affected communities in southern Franklin County Ohio during the evening hours of March 30th, 2025.

The tornado likely began south of the I-270 Outerbelt west of Lockbourne Road. Damage to carports along with minor damage to homes were observed in the Enchanted Mobile Home Park. Additional minor damage to homes and lawn furniture were found in the Butler Farms subdivision to the east of the mobile home park. Given the relatively minor damage to the available structures, estimated wind speeds are confidently in the EF0 range.

After crossing Lockbourne Road and the I-270 Outerbelt, the tornado next impacted homes north of Groveport Road. Roof and siding damage was found along Bridlewood Blvd and Thelma Drive. Uprooted trees also occurred. This is the location of the maximum estimated winds of 85 mph. Minor home and tree damage continued northeastward on Pelham Place, Poplar Street, and finally on Jermoore Road. Based on the available information, the tornado is believed to have dissipated west of Alum Creek Drive.
